Packing

Start packing!

For complete packing tips, see <http://www.Movers-Edge.com/Packing-Tips-s/1.htm>. NOTE: Almost everyone under-estimates how much time it takes to pack, so start early and leave plenty of extra time.

Separate cherished items from the non-essential.

One of the biggest secrets of moving success is eliminating as many items from the move as possible. Donate items to charity, give them to friends, prepare them for a yard sale or throw them out.

2 Weeks Prior to Moving Day

Organizing

Make arrangements to return items.

- Cable/ satellite receiver boxes, remote controls, dishes
- Cable/DSL modems
- Carpet shampooer
- Clothing (borrowed)
- DVD and video game rentals
- Library books (neighborhood and school)
- Tools (borrowed or rented)
- Trash cans/ recycle bins
- Unwanted purchases

Make arrangements to retrieve items.

- Clothing at dry cleaners, tailors or in storage
- Clothing lent to friends
- Items at repair shops
- Tools lent to neighbors or friends

Open bank accounts near your new address.

You may want to open a new safe deposit box at the same time, and move all vital papers and/or jewelry into the box in advance. That way you don't have to worry about them on moving day.

Packing

Create one Open Me First box for specific rooms.

You'll need to access certain packed items almost immediately after you arrive, and they need to be packed together in special boxes (one per room) and marked with either bright red markers or special stickers so you can spot them easily. The specific rooms are:

- Kitchen:
 - aluminum foil
 - break-proof or disposable flatware, cups, and plates
 - coffee maker (don't forget the filters!)
 - dish detergent
 - frying pan and spatula

- pet food and bowels
- scissors
- tea kettle

- Main Bathroom
 - bath mat
 - bath towels
 - first-aid kit (aspirin, band-aids, hydrogen peroxide)
 - hair dryer
 - shampoo
 - shower curtain and rings
 - soap
 - toothbrushes and toothpaste

- Tool room or drawer
 - batteries
 - duct tape
 - flashlight
 - flat-head screwdriver
 - hammer
 - level
 - Phillips-head screwdriver
 - picture hangers
 - tape measure
 - utility knife

Finish packing for non-living rooms.

You want to be completed for non-essential rooms such as the basement, garage, attic, utility rooms, etc. so you can focus on main living areas in the last weeks.

Start eating perishable food from freezer and refrigerator.

Hold a yard sale.

You might be surprised to learn that you can earn a few hundred dollars by selling non-essential items, earning you cash and making your move more efficient.

1 Week Prior to Moving Day

Organizing

Confirm start time, current home address and future home address with FRIENDS MOVING COMPANY.

Recruit friends for moving day madness.

Having extra help for last-minute errands or helping to watch movers and answer questions can be invaluable.

Make arrangements for child and/or pet sitting.

Having small children and pets watched on Moving Day can eliminate a lot of stress and confusion on the big day, especially while taking care of all the other important details.

Moving Day

Start early.

Moving is stressful enough without waking up late and running around with movers waiting outside.

Make sure drivers have your cell phone number and you have theirs, along with their names.

Things come up on moving day; make sure you have a way to stay in contact.

Be available for movers questions.

Perform final checks before leaving current home.

Here are some final items to verify before shutting the door for the last time:

- Are the air conditioning, fans, and heat turned off?
- Is the water shut off, including to hoses?
- Are the light switches turned off?
- Are the keys and garage door openers for current home turned in or left on the kitchen counter?
- Anything left in refrigerator, freezer, stove, drawer under stove, in closets, in bathroom, under porch, in garage, in attic, in crawlway?
- Did you pack your hoses and sprinklers?
